Has your company taken the first steps towards Industry 4.0, kickstarting your transformation into a Factory of the Future? Have you been able to reap the rewards of your efforts? Or even better, have you already increased your competitive edge or anchored your presence in our country? Time for proper recognition: submit your application for the Factory of the Future Awards 2024!!

Wanted: Applicants for The Factory of the Future 2024!

Has your company made exceptional achievements in recent years? Achievements in terms of technology, to work faster, automate or improve quality, in terms of work organisation, sustainability or workforce growth ? In that case, you are eligible for a Factory of the Future Award!

Apply and fill in the application form below!

Why participate?

- **You get to evaluate your approach** and take stock of your transformation into a Factory of the Future. At least four experts assess your company's maturity and benchmark in against the seven dimensions of the methodology. After the evaluation, you receive athe full report.
- **You get to value the work** of those who are transforming your business every day.
- **You get recognised** as an inspiring organisation in one or more areas of transformation.
- **You get to learn**, have the opportunity to exchange good practices and receive feedback during our programme of activities.
- **You increase your visibility**: you can count on the recognition of your company at regional and national level, as well as external acknowledgmentduring the award ceremony, thanks to the subsequent communication. You can also use the corporate video, which will be made about your company in the context of the awards, in your own communication campaign(s).
